

The international conference on SCENAR therapy

The International 'SCENAR against pain' Conference (November 17-20, 2016, Berlin, Germany)

You are gladly invited to participate in the most significant SCENAR event of the year, the International 'SCENAR against pain' Conference, organized by the inventors and manufacturers of SCENAR devices – RITM OKB ZAO (Russia) and its affiliated company RITM Europe s.r.o. (EU).

The International 'SCENAR against pain' Conference in Germany is the second event this year in a range of conferences, dedicated to effective techniques of pain management. Our purpose is to provide the SCENAR community with the latest developments of the world's leading SCENAR experts and representatives of the unique Russian school in the area of pain relief and pain management using SCENAR devices. We prepared a varied guest speaker program and three days workshop program.

We also offer you to attend the Primary (Level I) and Basic (Level II) training courses on SCENAR therapy approved by RITM OKB ZAO. This year the training courses will be conducted just before the Conference (November 15-16, 2016).

For the first time in Europe the Primary training course will be conducted by Jorg Prinz, Doctor of Medicine and naturopath and famous SCENAR therapist from New Zealand.

Preliminary Agenda (the agenda is filling up yet)

This year we have decided to extend the workshop program to provide attendees with more practical skills you can implement in your professional occupation and self-treatment.

Guest Speaker Program:
